

People's Education Society's
Dr. Ambedkar College of Commerce & Economics, Wadala, Mumbai

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Our college gives admission to economically backward students. During the pandemic, the college allowed students to pay fees in 2 instalments, as many students' parents had lost their jobs in the lockdown period.

The college conducted admissions, an orientation programme, regular lectures, guest lectures, and exams in online mode. The college created an official Google Meet account for all classes. For online admission, used CIMS software.

An orientation programme was conducted online for the newly admitted students. Teachers informed students about the syllabus, exam pattern, course outcomes, various curricular and extracurricular activities, placement opportunities for the students from college, and administrative procedures (i.e., railway concession, scholarship, fee payment procedure, etc.). After October 2021, regular offline lectures were started as per the guidelines of the University of Mumbai.

The online exams for Semester I, III, V and semester IV and VI were conducted as per the guidelines issued by the University of Mumbai, using ETS 360 software. For semester II, offline exams were conducted.

Every year college provides remedial coaching to TYBCOM students for those who cannot afford to attend private tuition outside. Remedial class students show improvement in their results after attending these classes. The college arranges revision lectures after every semester for the student's progress. The placement cell conducted placement related trainings throughout the year, which provided job opportunities to the deserving students.
