Commerce & Economics  
Wadala, Mumbai - 400 031.

## Any Suggestion

By using PPT we clear concept of subjects and easy to understand students.

Lecture in Class Room is Best for Students and Teacher also.

Some calculus part apart from Differentiation and statistical Inference should be added.

This year there was no class room teaching. In Online teaching , there was not teaching satisfaction

Students should receive practical experience in industry during vacation.

Please include Assignment Problem and Sequencing.

I would like to suggest that Group Discussion is one of the effective and important for this present scenario. So the teacher should provide or suggest some important topics which is related in daily practice of our routine life and ask them to prepare. After that teacher should conduct some interactive sessions so that students will get an opportunity to express themselves. And they can be generate their own ideas and so that the confidence of students will be boost. Once the students will habitual the same then they can bring command over language. That is why Group Discussions is inevitable for the improvement of students communication skills.

No suggestion

NA

Job oriented modules that give skills to students at the workplace is required to include in the syllabus.

An Application software for mobile phone can be created by college to conducting lectures, sharing notes, giving information related to college.. this can help to co coordinate without using multiple applications

No Suggestions

Student's need practical teaching aspect at their entry level (FY.BCOM)

Need to improve communication skills of students

Students Attendace should be improved by taking effective measures.

In jobs providing

Nothing

I would like to say thanks to Dr.Ambedkar college placement cell because they were conducted lot of training for students for preparing or enhance confidence of students and just because of such training I was able to cracked the interview and now work with one of the reputed company .

Always help me my teacher and sir any situation related to job and study .

It is very useful to build my career thanks

No comments

Placement cell give everyone many chance for job that is free of ...  
And Dr. Gangotri Ma'am always support to students.
