

7.3.1. Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The Peoples Education Society, Mumbai, which was founded by Bharat Ratna Dr. B. R. Ambedkar, the architect of the Indian Constitution and symbol of knowledge, is in charge of the college. His greatest desire was to educate everyone. The college boasts a diverse student body that includes both male and female students from SC, ST, OBC, NT, and SBC categories.

The college held exams, regular lectures, guest lectures, orientation, and admissions. Teachers provided information to students regarding the course objectives, curriculum, examination format, extracurricular and extracurricular activities, college placement opportunities, and administrative processes (such as fee payment, scholarship, and train concession procedures). For TYBCOM students, our college offers remedial coaching. Throughout the year, the placement cell offered career chances to worthy students by conducting trainings relevant to placement. The college offers M.Com., Commerce, and self-financing Banking and Insurance courses. Students can now enroll in Certificate Value-Added courses. The institution runs a number of programs on skill development, job skills, and personality development in partnership with different NGOs to improve students' skills. Additionally, the college prioritizes the holistic growth of its students and promotes extracurricular involvement via the NCC, NSS, Students Council, Cultural Association, WDC and Gymkhana.
